a pay of over Rs 800. The Notification appointing him as Insp. of Boilers for the Civil Station appears to have been issued from the Confidential Branch. The question of increasing Sri Raghavachar's allowance for the reason that the addl. work of the Civil Station has been added on to him is one that has to be dealt with in the Confidential Branch; in the light of similar allowances granted to Officers similarly situated.

To

Sri B.T.Kempanna, B.A., LL.B.,
Secretary to the Government of Mysore
Development Department, Bangalore.

Sir

Enhancement of Boiler Inspection Allowance to the Industrial Engineer.

I have the honour to state that in accordance with Government notification No.D.5446/I&C.462-39-9 of 31-5-1940, Sri A.V.Ragahavachar Industrial Engineer and Superintendent, Central Industrial Workshop was appointed as Ex. Officio Inspector for Boilers for the Bangalore City & Kolar Gold Fields areas and permitted to draw an allowance of Rs.50/- P.M. during his employment as Inspector of Boilers. The allowance was granted to him for the additional work entrusted to him in the inspection of -- Boilers in the Bangalore City and Kolar Gold Fields areas and the conveyance charges he has to incur in this work.

2. Consequent on the retrocession Mr.Raghavachar had to be entrusted with the further additional work of the inspection of the boilers in the Retroceded Areas and as per Government Notification No.~~6449~~ 6469/C.B.40-47-~~51~~ 37 dated 5th March 1948 he is since entrusted with this work also. Apart from the additional work invested, the Industrial Engineer has in this connection to incur considerable expenditure on account of conveyance charges and the necessity to make journeys in his car which is fairly expensive at present. He has to visit a fairly larger number of Boilers situated at different places in the retroceded area which are however not beyond the 5 miles limit to enable him to the usual Travelling Allowance under M.S.R. While it is therefore only fair that his allowance should be increased, the question was reserved for a separate recommendation to Government pending the issue of the Government Notification regarding his appointment as Ex. Officio Inspector of Boilers for the Retroceded Areas, which is since done. I feel, that considering the increased work and the increased conveyance charges he has to incur his allowance should be -- enhanced to Rs.100 p.m. which is also the amount granted to his predeces-

predecessor. I request that early sanction of Government may kindly be obtained for the payment of an enhanced allowance of Rs.100 P.M. to him with effect from 1-4-1948.

In this connection, I have also to state that the Boiler Mechanic Mr.B.D.H.V.Burnett, has to accompany the Boiler Inspector during inspections, while no allowance has so far been granted to him for the work he was entrusted in the City and Kolar Gold Fields Areas, he has now to visit the Boilers in the Retroceded Area also involving additional expenditure. I feel that he should also be granted a suitable allowance and request sanction of Government may kindly be obtained for the payment of an allowance of Rs.25 P.M. to him with effect from 1-4-1948.

I request the favour of early orders of Government in the matter.

Yours faithfully,

DIRECTOR.

To

Sri. B.T. Kempanna, B.A.,LL.B.,

Secretary to Government, Development Department,

Bangalore.

25-3-49 Sir,

Subject: Enhancement of Boiler Inspection Allowance to the Industrial Engineer.

With reference to your letter No.7287/C. dated the 5th March, 1949 enquiring among other things whether the Inspector of Factories in Bangalore City is getting any allowance, I have the honour to state that the Inspector of Factories, Bangalore Division is not in receipt of any allowance. His jurisdiction is entirely separate from the Special Division which is in charge of the Industrial Engineer as Ex-Officio Boiler Inspector, Special Division.

The Special Division comprises ~~of~~ at present of Bangalore City, Kolar Gold Fields and Civil Station. The number of boilers in this division are 100, of which 70 are in the Kolar Gold Fields and Bangalore City Area and 30 in the Civil Station retroceded Area transferred from 15-8-47 to Mysore State jurisdiction. The latter are all scattered over the area of the Civil Station Municipality.

I request very early orders of Government for my proposals in this behalf.

Yours faithfully,

DIRECTOR OF INDUSTRIES & COMMERCE.
